

Encyclopedia of Adolescence, Second Edition

青春期百科全書, 第二版

Encyclopedia of Adolescence 2nd edition provides the most current knowledge on the wide breadth of topics that fall within the broad domain of adolescent development and does so through the lens of social, racial, and environmental justice, and increasing globalization.

《青春期百科全書》第二版全面概述了理解這一關鍵發展時期所需的理論、方法和經驗證據。書中分為 3 卷，涵蓋 130 多個章節，首先概述了青春期研究的歷史、用於研究青春期發展的新興理論和工具，以及青春期的規範變化，涵蓋了廣泛的青少年經歷。然後，它研究了由青少年塑造並在青少年發展中發揮形成作用的人際和社會生態環境。

總之，本書探討了那些可能損害青少年健康發展的經歷，以及青少年時期常見或出現的具體心理健康挑戰。這個更新版本解決了早期版本和類似作品中已發現的差距，將覆蓋範圍擴大到經常被忽視但影響青少年發展的關鍵經歷、任務或背景的主題。

Key features/ benefits

- A unique lens on the intersection of adolescent development and racial, ethnic, economic, and health equity
- Inclusive of investigators from diverse and international communities
- The incorporation of a strengths-based perspective throughout each volume
- In-depth presentation of each topic by leading investigators on the relevant topic
- Greater integration of interdisciplinary perspectives and methods in the study of adolescence
- 以獨特的視角檢視青少年發展與種族、民族、經濟和健康公平的交叉點
- 包括來自不同社區和國際社區的調查人員
- 在每卷書中都融入了基於優勢的觀點
- 由相關主題的主要研究人員對每個主題進行深入的介紹
- 青少年研究中跨學科觀點和方法更緊密地整合

What problem does this MRW solve?

This updated edition addresses identified gaps in the 1st edition and in similar works, expanding coverage to topics that have often been overlooked but are key experiences, tasks, or contexts affecting adolescent development.
