

# Elsevier Major Reference Works 2024

Major Reference Works provide researchers and students with authoritative, fundamental knowledge, enabling them to successfully build knowledge and confidence in new and interdisciplinary subject areas.

**87%** of ScienceDirect users agree they need fundamental information in their work

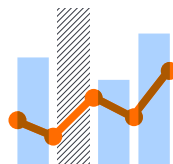

Source: TechValidate survey of 270 users of Elsevier ScienceDirect. TechValidate. TVID: 9D4-230-2AD

## Elsevier Major Reference Works 2024

- Build fundamental knowledge and confidence in new subject areas
- Offer interdisciplinary knowledge across a subject area
- Are trusted and peer reviewed
- Are aligned with other content types on ScienceDirect, ensuring your researchers are making the most of your content and can easily get the full picture of a subject area
- Are surfaced through ScienceDirect Topics which provides critical contextual knowledge at a user's point of need

## Major Reference Works are a long-term investment

The lifetime usage of Major Reference Works is greater over a longer period of time than other content types demonstrating the enduring value of this critical foundational content.

A recent study shows 60% of Major Reference Work usage is still generated 10 years after publication\*

Encyclopedia of Libraries, Librarianship, and Information Science	01-Nov-24
Encyclopedia of Energy, Natural Resource, and Environmental Economics, 2nd Edition	01-Nov-24
Comprehensive Semiconductor Science and Technology, 2nd Edition	02-Dec-24

“Reading an article in a Major Reference Work is like attending a keynote address given by a recognized expert. These experts provide context, insight and information that would normally take days to acquire and process. I strongly recommend these articles as a great jumping off point for young scientists and/or more senior individuals looking to expand their programs.”

—Bernard D. Roitberg, Simon Fraser University

Now is the time to pre-order new editions and brand new Major Reference Works and save 20%!\*
